Sprays Probiotics into the Air and onto Surfaces

Air Freshening Spray

Bb+ Probiotic Face Spray

Eco-Friendly

Healthy Microflora

Bacterial Shield

Probiotic Protection

Intended Use

Helps prevent the formation of bad odors in the room. Minimizes dust, large particles and harmful formations such as smoke. Its mint aroma gives a feeling of vitality and freshness. By keeping a constant fresh-air feel, it helps the room stay clean for longer and makes breathing easier. Its refreshing effect supports comfortable, good-quality sleep. As it contains no harmful chemicals or alcohol, it does not impair your air quality.
